Third Annual Chefs Dinner:

- [Meet Our Sponsors](#)
- [Meet Our Chefs](#)
- [Young Professionals](#)

On June 14, 2007, the Alzheimer's Young Professionals Committee hosted their third annual Tasteful Evening chefs dinner at Bell Harbor International Conference Center in Seattle. Thirteen top-rated Seattle area chefs presented a five course menu reflective of their restaurants, paired with regional wines.

Each chef prepared and served a table of twelve - with the exception of Jason McClure from Sazerac, who created meals and entertained two tables of twelve.

The chefs who participated in this event donated their time, the food, staff to help serve and in some cases, the wine to go with the meals. We are touched by the generosity of all of the chefs that participated.

The event brought in \$71,661 for program services at the Western and Central Washington State Chapter. Congratulations to the committee, chefs and staff for a successful event!

Pictures of the event are now online. To view them, go to [Team Photogenic](#).

Young Professionals:

Join us! The Young Professionals Committee was formed as a result of the increasing number of young adults who are touched by Alzheimer's disease.

The Young Professionals Committee provides an opportunity to get involved and fight Alzheimer's while enjoying networking and social activities.
